## *Memory Care Program*

*“Our Place” is a specialized community for seniors with early to mid-stage Alzheimer’s or other dementia. These residents enjoy the best view on campus with a lovely secure balcony overlooking Commencement Bay. This unique approach to dementia care features a small group of residents who live together in a home-like setting with 24 hour supervision and support.*

## Specialized Care

Under the direction of a licensed nurse, activity professionals, and nursing assistants, daily routine is structured to maximize quality of life for our residents. The program includes assistance with activities of daily living to ensure that physical needs are met as well as emotional. Meals are served family style in the Our Place dining room. A Licensed Nurse is available to administer medications and assist with emergencies, if needed.

Equally important is the variety of meaningful activities which are designed to enhance residents' strengths while bringing enjoyment to their days. Such activities encourage socialization, reminiscing, exercise, use of cognitive function, spiritual traditions, and hobbies. Residents are also able to enjoy quiet and peaceful times in the company of other residents and staff.

Our Place goals for each resident are: 1) to provide a sense of security and belonging through reassuring staff in a place that feels like home, and 2) to add quality of life through a daily routine that builds in conversation, interaction, bonding and a sense of belonging.

for no additional fees. If FTJ does your laundry, monthly laundry charges are based on weight: light \$139, medium \$207, heavy \$250.

## Day Program

We offer a Day Program for residents who are residing in another area of Franke Tobey Jones as well as for outside community members at a rate of \$18.00 per hour.

This is a wonderful opportunity for much-needed respite care, and can also be an intermediate transition step into full-time dementia care.
