

FRANKE TOBEY JONES

Meet Resident Betty Buhre

“Everyone is so darn friendly,” says Betty about living in the Garden Apartments at FTJ. “It’s a close knit family here, like a real neighborhood and that gives you a good feeling...like you’re at home.”

Betty didn’t want to have to take care of the upkeep of her house, yard work, painting and so on. “Everything is taken care of for you at FTJ,” she says, “plus it’s a secure place to live and I am free to go and do anything. I’m as comfortable as I was in my own home.”

Betty was most interested in moving into a community that offered the full range of care, a Continuing Care Retirement Community (CCRC). “If I need help I can stay living at Franke Tobey Jones where so many of my friends are, and this is comforting,” Betty comments.

“Plus, FTJ is such a beautiful place. It’s a real pleasure to drive in the main entrance, it’s a great greeting and makes me feel good when I drive in. It’s just a wonderful place to live. The staff is very congenial and do whatever they can do to help which is very important. It is obvious that they like seniors! Shirley Robbins, our concierge in the Garden Apartments where I live, is especially wonderful. She is so friendly and takes care of our requests every day. Shirley makes living in the Garden Apartments so very special.”

If I can say one thing that is always true about Franke Tobey Jones it’s this, “FTJ is a great place to live!”

“It’s a close knit family here, like a real neighborhood and that gives you a good feeling...like you’re at home. I’m as comfortable as I was in my own home.”
