

FRANKE TOBEY JONES

Meet Resident Phyllis Larsen

Phyllis never thought of retirement as a goal, but certainly a time in life “to do what we want to do!” Living in the Garden Apartments, she’s out and about doing what she wants to do all the time.

Phyllis chose Franke Tobey Jones for many reasons, but foremost because of the Continuum of Care. She didn’t want her sons to feel like they had to take her in when she “got old.”

Phyllis loves FTJ because it offers so much: “a wholesome place of beauty, Senior University, dance classes, libraries and so much more. I also feel safe here, and the staff is amazing—they are out of this world—always so positive! I have no regrets of making Franke Tobey Jones my home. I can have all the independence I desire but all the conveniences too! FTJ is a very special place!”

Phyllis also serves as a Franke Tobey Jones Resident Ambassador greeting new residents, helping them with any questions they may have, showing them around campus and is a “buddy” until they get acclimated. “It’s a wonderful program and I find a lot of joy in being a Resident Ambassador. It’s a great way to meet new friends!”

“I feel safe here, and the staff is amazing—they are out of this world—always so positive! I have no regrets of making Franke Tobey Jones my home. I can have all the independence I desire but all the conveniences too!”
