## Ongoing Weekly Classes in the Wellness Center

### Mondays

12pm

#### **Monday Meditation**

- Meditation can relieve stress, anxiety and help to manage pain. It can improve focus, memory, sleep, mood and even digestion! The guided sessions are done by sitting comfortably in a chair with no movement required.

### Tuesdays

9am

#### **Restorative Yoga**

- Restorative Yoga is gaining in popularity and used by athletes during rest/recovery days and by individuals healing from illness and injuries. This is a gentle, slow-paced practice meant to release tension from the body and mind through deep relaxation, rest, and meditation in passive poses held for extended periods of time. There are no standing poses in the Restorative tradition of Yoga, so the entire class is practiced on the floor with the aid of supportive props, like bolsters and blankets.

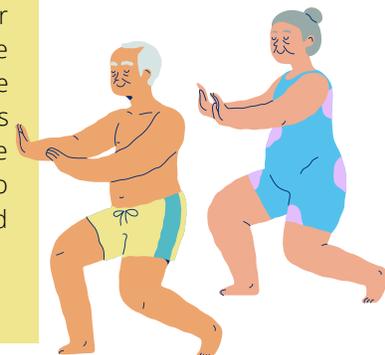

### Thursdays

9am

#### **Tai Chi (DVD)**

- Tai Chi is a Chinese martial art which has been practiced for generations. This low impact, slow motion exercise can be adapted to any age and fitness level. The ancient practice benefits the physical being as well as the mind. Tai Chi helps reduce falls and improves balance. A study published in the Journal of Alzheimer's Disease reported that tai chi is linked to increases in brain volume, delayed dementia, and improvements on tests of memory and thinking.
