THE GARY MILGARD FAMILY MEMORY CARE

Our Memory Care is a specialized community for seniors with Alzheimer's Disease and dementia. This approach to memory care features a small group of residents who live together in a home-like setting with secured outside courtyards, many gathering spaces and 24 hour guided supervision and support. Our goals for each resident are: 1) to provide a sense of security and belonging through reassuring staff in a place that feels like home, and 2) to add quality of life through a daily routine building conversation, social interaction, bonding and a sense of belonging. Our new Montessori-Inspired Programming is very unique and has shown to be extremely effective with engaging Memory Care residents.
