- 1 No treatments
- 2 1 treatment per day
- 3 2 treatments per day
- 4 > 3 or more treatments per day

LEVEL OF CARE SERVICE FEES

Residents in memory are assessed according to their appropriate Level of Care (LOC). Charges are calculated on an increasing scale where residents are assessed monthly to monitor the changes in Level of Care. Charges are based on personnel need and the amount of time involved in providing assistance to a resident. Our nursing staff determines the initial level of care for each resident, and the level may increase or decrease after the resident settles in and begins a routine.

Total Level of Care Score

Add points from both sides of the flyer:

Nursing Assistance Points _____

Caregiver Assistance Points _____

Total Point Score:

Level 1 12-24 points

Level 2 25-36 points

Level 3 37-48 points
